

Monthly Bulletin, No. 8.

During the months of July, August and September, stomach and bowel complaints ravage many portions of the country. One third of all the deaths during that period will be the result of these difficulties.

For Children, the *Grainberg Children's Panacea* will prove an infallible preventive and cure.

For adults, suffering under the worst forms of Diarrhoea, Dysentery, Bloody Flux and the like, the *Grainberg Dysentery Syrup* is equally infallible. The tables of mortality in the city of N. York during the week ending the 15th inst., show that out of 284 deaths, 106 were caused by the above disorders! The same ratio will elsewhere appear.

In Fevers, Fever and Ague, and the like, the celebrated *Grainberg Vegetable Pills* and *Health Bitters* are the only reliable medicines, and they should be procured without a moment's delay. The *Grainberg Sarsaparilla Compound* is taking the lead of all others, and contains double the number of doses of any other.

The General Agent for Missouri, is E. K. WOODWARD, St. Louis, to whom applications for agencies may be addressed.

EDWARD BARTON, Sec'y.
New York, July 1848.

The above celebrated medicines are for sale at Warsaw, by BENNETT & SHEPARD.

Final Settlement.

NOTICE is hereby given that the undersigned will apply at the next November term of the St. Clair County court for a final settlement of his administration of the estate of Lemuel Hoffman, dec'd.

For Cheap & Fashionable

CLOTHING.

No. 118,
Formerly No. 114, Main St., St. Louis.

Motto—*I am determined to sell lower than any other house in the State.*

TREMENDOUS EXCITEMENT!

Goodies are rushing in by every packet! The house is now filled! Three large stories crowded with goods! My stock this fall will be tremendous, large, by far exceeding any ever before received, and at such low prices that they will defy any and

ALL COMPETITION.

I am determined to supply every Country Merchant, and also all Retail customers that come to this market with the ready cash. I have put the prices down so low as to make it a matter of impossibility for any house to offer the same inducements. It must be apparent to every one that I am doing the good thing the advantages that I do—purchasing, manufacturing and selling for nothing but Cash, of No. 1 City paper.

The tremendous amount of business I do, will enable me to sell at a very small profit, which I always have done, and will continue to do. Residing in the City of New York, and manufacturing my own Goods, and having the advantages of the market—my brother, CHARLES G. MARTIN, conducting the business in St. Louis—and the long experience I have had in business the past sixteen years, enables me to get up a stock in a far superior style to any other.

My patterns are the best and most fashionable that can be had, and are warranted to set and fit as well as those that can be had at the most fashionable tailors.—This fall I will have over

150,000 GARMENTS,

consisting of every style and pattern that will be worn.

Beware of being deceived by those who tell you "this is R. Martin's"—for there are numbers that do, and are mean enough to stoop to anything. Bear in mind that my store is NO. 118, instead of NO. 114. The numbers on Main street having been altered, makes my store NO. 118. In front you will find the name in mammoth gilt letters—

MARTIN.

On top of the house a large No. 118. I have the largest and deepest Clothing Warehouse in the west. And remember, that I have but one store in the city.

To Country Merchants—All orders thankfully received, and warranted to be packed correctly, at the lowest cash prices.

"No trouble in your Goods!"
JNO. T. MARTIN.

Final Settlement.

ALL persons interested are hereby notified that the undersigned, administrator of the estate of William A. McDonald, dec'd., will at the next October term of the Benton County Court, apply for a final settlement of his administration of said estate.

FEVER AND AGUE.

FEVER and AGUE, Dumb Ague, Chill Fever, Intermittent & Remittent Fevers, and all the various forms of Bilious diseases, speedily and permanently cured by DR. WATSON'S INDIAN VEGETABLE TONIC.

This valuable medicine was prepared from an extensive practice of several years in a bilious climate in the Western States, and was never known to fail of curing Fever and ague, or any of the above diseases.

It is equally effectual for the cure of Liver Complaint, Jaundice, Enlargement of the Spleen, (called Ague Cake) and the various forms of bilious diseases. These, with the other various affections of such climates, arising from a common miasmatic cause, are only modifications of the same disease, and are equally controlled by the same remedy.

Residents of bilious climates, emigrants from the Western States, through infected districts of country, will not only find Dr. Watson's Indian Vegetable Tonic a safe, speedy and effectual cure, but an absolute preventive.

Each bottle of medicine is accompanied with a pamphlet on the Causes, Treatment and Cure of Fever and Ague, and other forms of bilious diseases, containing much valuable information, and may be had gratis of all authorized agents for the sale of the Tonic. Note genuine without the written signature of N. F. Watson, M. D., on every bottle, Inventor and Proprietor.

SMITH'S TONIC SYRUP

Or Vegetable Febrifuge.

A simple, safe and certain cure for AGUE & FEVER, Chill-fever, Dumb-Ague, Intermittent Fevers, and all the various forms of Bilious diseases.

THIS valuable medicine is undoubtedly the safest and surest remedy ever discovered for the cure of the above named diseases. It not only breaks the chill, but removes the cause from which the disease originates. Its operation is both general and specific. While it acts generally upon the whole system, as a most powerful alterative, purifying the fluids, freeing the solids from all morbid secretions, and restoring to a standard of permanent health, it at the same time exerts a specific influence upon the liver, digestive organs and lymphatic and glandular systems, exciting them to healthy activity, removing all morbid matter, equalizing the circulation, restoring their proper and necessary secretions, thus accomplishing a complete renovation from disease, and restoration to sound and permanent health.

Those who are suffering with the prostrating AGUE & FEVERS common in the West and South—those whose constitutions have become enfeebled by the use of mercury, quinine, or other violent medicines, should resort at once to the use of this VALUABLE MEDICINE.

It not only cures and kills the most obstinate chills.

Travelling with the circulation it pours its healing current through every vein and artery of the human body. The whole animal economy is made to undergo a thorough radical change. Even the mind partakes of the healthful process, and life, that before appeared only a dreary waste, begins again to seem worth possessing.

Pamphlets respecting this Valuable Medicine can be obtained of the Agents gratis.

CAUTION!

As there are many spurious preparations of similar name hawked about this country, and sold on the reputation of the reputation of the genuine.

Dr. E. EASTERLY'S

Medicated Strengthening Plaster

THIS plaster has been prepared under the immediate eye and superintendence of an old physician, who is a graduate of the University of Pennsylvania, and has had extensive practice for more than 30 years in treating the various diseases incident to this country. He confidently recommends this Plaster, from a thorough knowledge of its virtues, to be superior to every Plaster now in use. By keeping up a gentle perspiration, it is admirably adapted for Pains or Weakness in the Breast, Side, Back or Limbs; also, for the Gout, Rheumatism, Enlargement of the Spleen, Liver Complaint and Dyspepsia, and for Coughs, Colds, Asthma, Difficulty of Breathing, Oppression of the Stomach, &c. To all persons predisposed to Consumption, or who are subject to violent coughs and colds, they are particularly recommended—as they give almost immediate relief, and for pleasantness, safety, ease and certainty, they are decidedly superior to most other remedies.

Persons afflicted with any of the above diseases will find Dr. Easterly's Medicated Strengthening Plaster much superior to any other ever before offered to the public. Physicians, druggists and dealers in Medicines, will find it to their interest to keep a supply of these valuable Plasters on hand to accommodate their patrons.

For sale, wholesale and retail, at the Medical Depot of Dr. E. Easterly, south-east corner of 3d and Chestnut streets, St. Louis, Mo., and by agents throughout the Western States.

DR. WISTAR'S BALSAM

OF WILD CHERRY.

COUNTERFEITS.

The Great Remedy for Consumption of the Lungs, Affections of the Liver, Bronchitis, Asthma, Pain or Weakness of the Breast or Lungs, Chronic Coughs, Pleurisy, Hemorrhage of the Lungs, and all Affections of the Pulmonary organs.

NATURE'S OWN PRESCRIPTION.
A compound balsamic preparation of the Prunus Virginica, or Wild Cherry Bark, combined with the extract of the tar, prepared by a new chemical process, proved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicines ever discovered.

We do not wish to trifle with the lives or health of the afflicted, and we sincerely pledge ourselves to make no assertions as to the virtues of this medicine, and to hold out no hope to suffering humanity, which facts will not warrant.

We ask the attention of the candid to a few considerations. Nature, in every part of her works, has left indelible marks of adaptation and design.

The constitutions of the animals and the vegetables of the torrid are such that they could not endure the cold of the frigid zone—vice versa.

In regard to disease and its cure, the adaptation is no less striking. The moss of Iceland, the wild cherry and pine of all northern latitudes, (the Balsam is a chemical extract of these) have long been celebrated for complaints prevalent only in warm climates. Indeed the most distinguished men have averred that nature furnishes in every country antidotes for its own peculiar diseases.

Consumption, in its confirmed and incipient stages, coughs, asthma, croup, and liver complaint, form by far the most fatal class of diseases known to our land.

Yet even these may be cured by means of the simple yet powerful remedies which are scattered wherever those maladies prevail.

Scarcely a mail arrives from any point in the west, but that brings us news of the most cheering character, which goes still farther (if more evidence were necessary) to establish the reputation of this great remedy.

None can be genuine without the names of Henry Wistar, M. D., and Sanford & Park are found upon the wrapper. No medicine called Syrup of Wild Cherry, or Wild Cherry Bitters can be relied upon. They may not be false, but actually injure the patient.

DR. WISTAR'S BALSAM OF WILD CHERRY is the only remedy to which invalids should resort for the cure of pulmonary complaints.

HENRY BLAKSLEY & Co., S. W. corner of 3d and Chestnut streets, sells the above medicine. Price \$1 per bottle.

Dr. Bragg's Pills Triumphant!

Further Evidence—Great Excitement and Panic amongst the Calomel Doctors—Disastrous consequences of the use of Mineral Medicines—Timely intervention of Indian Queen Vegetable Sugar Coated Pills to save a whole neighborhood from the awful ravages of that fell destroyer, Disease, in the form of Ague, Bilious, Congestive and Typhus Fevers—Read and be convinced!

VAN BUREN, Ark. April 15, 1848.

Dr. BRAGG—Dear Sir: During the past summer and fall, the various forms of bilious Fever were very prevalent and often fatal in this section of country. Our worthy non-such physicians, puffed up with pride and vain conceit, persisted in their antiquated practice with that universal panacea, calomel, with such unbounded success, that one or two, panic-struck, scampered off and left their patients with nature and her ineffectual efforts to repair the mischief they had done. In one family, four cases resulted in death, in the short space of four days: in some cases three or four days after the exhibition of calomel, great prostration, tympanitic condition of the abdomen, and perforation of the bowels were the result of this heroic treatment, and to prevent so to their weeping friends, a post mortem examination would reveal the fact. After finding their practice altogether ineffectual, they came to the wise conclusion to give no medicine at all, but continue to visit their patients, and order flaxseed tea as a drink, and a poultice of the same applied to the bowels; when this failed, with sage look, and little faith, & hearts full of apprehension, they would confess to their friends their full confidence in the application of blisters from head to foot—you may guess the result.

In this dilemma and universal consternation, one of your travelling agents passed through our neighborhood, and made liberal deposits of your vegetable medicines, and distributed pamphlets, and the "Sun," to shed a genial and benignant light upon this benighted, and apparently devoted land. The manna sent to the Children of Israel, in the wilderness, was not halied with more hearty thanks than were your health-restoring Pills in this awful crisis. The people were prepared to receive them, or any thing that promised them relief from their apparently impending fate. I have watched their progress, and the effects they produced in hundreds of cases and am happy to give my feeble testimony to their entire and triumphant efficacy, in restoring health in a few days, in every instance, when they have been taken in time, and in strict accordance to directions. Some of our physicians, whose love of truth and philanthropy triumphed over prejudices and preconceived theories, have cheerfully abandoned their calomel and lancet, and recommended your pills in all cases of bilious, intermittent, remittent, congestive and typhus fevers; and they freely acknowledge that they are almost a specific in all these diseases. Your travelling agent is anxiously looked for again, as many of your agents are out of pills, and the sickly season is approaching.

With best wishes for your success,
I am truly yours,
B. GUNNINGHAM.
